Forecast for Monday 23 Aug 2021

Weather: Always cloudier across northern and eastern peaks such as Bennachie, where some patchy light rain or drizzle appears early and late in the day, also a few light afternoon showers developing across the area. Best of the brighter spells in southwest towards Ben Lawers.

Chance of cloud free mountain/hill tops above 800m: Ranging from 80% in the far southwest and 10% across the far north and east early and late in the day.

Visibility: Out with cloud good, becoming in light rain, drizzle and showers moderate or poor, virtually nil in hill fog with bases broken or extensive from 450m in the far north and east early and late in the day.
